

With more than 6,500 employees in research, teaching and administration and its unique profile, TU Dortmund University shapes prospects for the future: The cooperation between engineering and natural sciences as well as social and cultural studies promotes both technological innovations and progress in knowledge and methodology. And it is not only the more than 34,500 students who benefit from that.

Research Assistant (m/f/d) (Ref.-Nr. w51-21)

The chair for Land Policy, Land Management, and Municipal Surveying at the School of Spatial Planning of TU Dortmund is looking for a 0.75 fte postdoctoral researcher (payment according to public service's wage agreement: TVL E13, starting at the earliest possible date for a period of 3 years). The duration of the contract will be adapted to the aspired qualification target.

For the first time in decades, the question of how to deal strategically with land is currently being intensively debated in Germany and other countries. Competing policy goals on the provision of (affordable) housing and the reduction of land take are major yet unsolved issues that need to be addressed by academia.

YOUR PROFILE

- You hold a full university degree with doctorate in spatial planning, human or economic geography, geoinformation, geodesy or related field.
- You are able to develop your own research profile within the scope of the chair group, and you have a plan on how to capitalize on this profile with international academic publications and research project applications.
- Experiences with academic publication, preparing research project applications, and teaching are desirable,

- Ability to collaborate in an interdisciplinary team and willingness to contribute to national and international discourses on land policy.

YOUR TASKS

- Collaborating with the chairgroup on preparing and conducting research related to the interdisciplinary field of land policy, land management, and municipal surveying,
- Connecting to national and international networks by helping to organize academic exchange,
- Teaching within one of the programmes of the School of Spatial Planning (approx. 0.3 fte).

WE OFFER

You become part of the chairgroup of Land Policy, Land Management, and Municipal Surveying. The chairgroup deals with the relationship between spatial planning and property rights in teaching and research, with a special focus is on strategies of municipal land policy for dealing with scarce spatial resources.

We offer a position with academic freedom and the possibility to develop your own academic career.

We explicitly note that applications of all sexes are welcome. Applications from women are favoured complying with legal regulation.

We explicitly note that applications of severely disabled persons are welcome.

For further information please do not hesitate to contact Ms Susanne Syska-Fleckes:

Phone: +49 231 755-2229, E-Mail:susanne.syska@tu-dortmund.de

Applications enclosing the usual material (including a short research plan) may be sent until **31.08.2021** under reference number **w51-21** to:
