

# **GLOBAL LAND TOOL NETWORK PARTNERS' LAND TOOLS REVIEW WORKSHOP**

**Venue: Room CR-9, UN-Habitat HQ, Nairobi**

**5 and 6 September 2022**

**11h00 – 15h30 EAT**

**(Hybrid format – online and in-person)**

## **Concept and Programme**

v.2 September 2022 as circulated

### **BACKGROUND**

The Global Land Tool Network (GLTN) is a dynamic and multisectoral alliance of more than 80 international partners committed to creating a world in which everyone enjoys secure land rights. The Network was established in 2006, in response to gaps in multiple dimensions associated with land that are critical to achieving sustainable and inclusive development. These include among others, access to adequate housing, food security and livelihoods, the realization of human rights, poverty reduction, and economic prosperity leading to the attainment of the Sustainable Development Goals, the New Urban Agenda, and other regional and country level policy initiatives.

Through partnership and collaboration, the Network has spearheaded the development and dissemination of innovative and appropriate land tools based on the continuum of land rights approach to promote recognition and recordation of land rights for all, with a particular focus on the poor, women and youth. More broadly, GLTN tools contribute to land reform, good land governance, inclusive land administration, sustainable land management, and functional land sector coordination. GLTN has prioritized more than 18 land tools and seven cross-cutting areas of development – categorized in five themes: 1) access to land and tenure security; 2) land management and planning; 3) land administration and information; 4) land-based financing; and 5) land policy and legislation.

Over the years GLTN tools have continued to gain traction with laudable success at country level, among others in the Democratic Republic of Congo (DRC), Palestine, Philippines, Uganda, Nepal, Afghanistan, Zambia, Kenya and Namibia. To further strengthen and increase their dissemination, uptake and impact, a review of the progress made, and success achieved by GLTN land tools is necessary. Moreover, the sustained momentum and resilience of GLTN partners in developing, testing and implementing pro-poor, fit-for-purpose and gender-responsive land tools call for a celebration and further dissemination, to make them work the achievement of secure land rights for all at country level; as well as for the identification of gaps and shortcomings that need to be addressed.

### **WORKSHOP PURPOSE, OBJECTIVES AND OUTCOMES**

The purpose of the workshop is to provide a forum for GLTN partners and colleagues to review progress made in the development of innovative and appropriate land tools and learn about their uptake and impact at country level in enhancing capacity within the land sector to

promote land tenure security for all. The assessment will be based on GLTN's value proposition which includes: a flexible and inclusive view of land tenure security based on the continuum of land rights, a focus on pro-poor, gender and youth responsiveness and the recognition of the interconnections between urban, peri-urban and rural land.

The workshop will draw on a range of normative and operational expertise and experiences. Presenters will highlight recent advances in GLTN land tools development, and will share examples of successful uptake, application, and impact of the tools. They will also identify gaps, challenges and possible solutions to deployment and uptake of certain tools. The specific objectives of the workshop therefore are to:

1. Review overall progress made in the development, piloting and application and upscaling of GLTN land tools over the years.
2. Celebrate the development and launch of new land tools developed by partners and propose actions to mobilize necessary support for their piloting, upscaling and success.
3. Assess, through information exchange, experience and perspectives, successes achieved in the piloting and application of GLTN tools in various contexts, considering good practices and lessons learnt.
4. Identify land tools developed but not yet adequately field-tested, considering challenges faced, and deliberating on possible solutions for enhanced deployment where necessary.
5. Identify priority actions for further land tool development, testing and deployment.

The anticipated outcomes of the workshop are:

1. Improved understanding of the GLTN land tools development and testing process and products.
2. Information shared on the more recently developed tools and agreed partnerships on their piloting and application.
3. Renewed energy and commitment within the Network and beyond to develop, promote and implement innovative land tools.
4. Agreement on priority actions for further land tool development, testing and deployment.

## **PARTICIPATION**

All GLTN partners, members and supporters are invited, along with specific experts involved in the development of the newly launched tools. Attendance will be a combination of online through MS Teams (link to follow) and in-person at the United Nations Human Settlements Programme (UN-Habitat) headquarters in Nairobi.

For further inquiries please contact: Clinton Omusula ([clinton.omusula@un.org](mailto:clinton.omusula@un.org)); or Jean du Plessis ([jean.duplessis@un.org](mailto:jean.duplessis@un.org)).

## DRAFT PROGRAMME

# GLTN PARTNERS' LAND TOOLS REVIEW WORKSHOP

5 – 6 September 2022 (Hybrid – online and in-person in Nairobi)

<b>DAY 1: Monday 5, September 2022</b>			
Moderator: Jean du Plessis			
Date/Time (EAT)	Subject	Who	Facilitation notes
10:45-11:00	<b>Arrival / Logging in</b>	All Participants	
11:00 – 11:05	<b>Welcome and introduction</b> (5 min)	Shipra Narang Suri	
11:05 – 11:10	<b>Objectives, Outcomes, Workshop Methodology</b> (5 min)	Jean du Plessis	
11:10 – 11:30	<b>Overview of the status of GLTN tool development</b> (20 min)	Danilo Antonio	
11:30 – 12:30	<b>Presentation of New Tools:</b> 1. Land and Climate Change – (25 minutes) 2. Tenure Responsive Land Use Planning – (25 minutes) Q&A (10 min)	David Mitchell Uchendu Eugene Chigbu Moderator	N/B: Presenters to share an overview of the tool and its potential application, progress in development and roll-out / field testing and support needed (and from whom) for success
<b>12:30 –13:30</b>	<b>Group Photo Lunch Break</b>	<b>All Participants</b>	Collective MS. Teams Photo (Screenshot) to be taken to include virtual participants
13:30 -14:30	<b>Presentation of New Tools (continued...):</b> 3. Valuation of Unregistered Land – (25 min) 4. Commonhold tool for vertical urban development (25min) Q&A (10 min)	Ben Elder & Peter Wyatt Catherine Souares Moderator	N/B: Presenter to share an overview of the tools, progress in development and roll-out/ field testing and support needed for success
14:30 -15:15	Interactive discussion: Potential, limitations and testing of the new tools presented (45 min)	Moderator	What, why, who, when?
15:15 -15:30	Discussant: key lessons and insights from Day 1 (15 min)	Jaap Zevenbergen	
<b>15:30</b>	<b>End of Day 1</b>		

- Notes:**
1. To facilitate optimal participation, all participants (whether in-person in Nairobi or online) will connect via an MS Teams invite / link, which will be sent shortly
  2. For reporting purposes, the proceedings will be recorded

## DAY 2: Tuesday 6, September 2022

Moderator: Jean du Plessis

Date/Time (EAT)	Subject	Who	Facilitation notes
10:45 – 11:00	<b>Arrival / Logging in</b>	All Participants	
11:00 – 11:15	Recap and programme for day 2 (15 min)	Participants and Moderator	
11:15 – 13:15	<b>Case studies on implementation and impact of GLTN and complimentary land tools:</b> <ol style="list-style-type: none"> <li>1. Land policy development: Uganda (20 min)</li> <li>2. Land policy development: Nepal (20 min)</li> <li>3. Digitalization of the Namibia Flexible Land Tenure System (20 min)</li> <li>4. Land rights’ registration successes in Zambia and Philippines (20 min)</li> <li>5. Fit-for-purpose land rights’ recordation for displaced communities (examples from Iraq, Lebanon, Syria and Sudan) (20 min)</li> <li>6. Land-based finance tools applied in fragile states (20 min)</li> </ol>	Simon Mwesigye Raja Ram Chhatkuli Judith Middleton David Katungula & Nathaniel Don Marquez Ombretta Tempra  Giulia Lavagna	N/B: Presenters to describe context, tool/s used, methodology, extent of impact
<b>13:15 – 14:15</b>	<b>Lunch Break</b>	<b>All Participants</b>	
14:15 – 15:00	Interactive discussion: How far have we come, what are the gaps, priority areas (25 min) Proposed actions: What, why, who, by when? (25 min)	All participants and Moderator	
15:00 – 15:15	Discussant: key lessons and insights from Day 2 (15 min)	Diane Dumashie	
15:15 – 15:30	Summary, way forward and closing (15) min	Robert Lewis-Lettington Moderator	
<b>15:30</b>	<b>End of Workshop</b>		

- Notes:**
1. To facilitate optimal participation, all participants (whether in-person in Nairobi or online) will connect via an MS Teams invite / link, which will be sent shortly
  2. For reporting purposes, the proceedings will be recorded

**LIST OF PARTICIPANTS**  
**GLTN PARTNERS' LAND TOOLS REVIEW WORKSHOP**  
**5 – 6 September 2022, Hybrid (both in-person and online attendance)**
